Matrix/Element are superior to any other platform. They are distributed so they cannot be shut down. They also do NOT require a cell phone number, or even an email address!

Quick FAQ:

- *What is Element?*
 - It's the app you use to chat. It connects to the Matrix servers. It is open source.
- *What is Matrix?*
 - Matrix is the protocol/language used to send and receive chat messages. It is P2P and encrypted. There is no central point of control like there is with Discord, Guilded, etc. That means it isn't as easy to shut down. It is open source.
- *Are there other apps besides Element?*
 - Yes, and you can use them to connect to the same Matrix chat servers, although Element is the most popular.
- *Where can I learn more about Matrix?*
 - [Matrix FAQ](#)
 - [Matrix Architecture](#) (scroll down)
- *Who else uses it?*
 - The Mozilla foundation migrated from IRC to Matrix ([link](#)).

TL;DR: 3000 pedes had there accounts permabanned from Discord for organizing. **Matrix is the new Discord.**

- Matrix is a P2P, distributed protocol that cannot be shut down like Discord, Guilded, etc.
- It does not require a phone number or email address
- It uses end-to-end encryption

3000 pedes gathered on Discord after GEOTUS' call and were shut down.

.....it has only made us stronger and more determined !

They actually aren't permabanned, just disabled. You can appeal. I just did that so we'll see what happens.

Why the promotion of two other domains on the graphic? I see they've both only been registered for less than a month.

Did you create the domains as well?

There's too much fuckery going around to not vet everything.

[parent](#) [permalink](#) [save](#) [report](#) [block](#) [reply](#)

▲ 4 ▼

= [MemeFactory](#) 4 points 2 hours ago +4 / -0

No, you are completely in the right to question everything. Both of those domains were created after the election... in response to the voter fraud in an effort to distribute data analysis and organize Trump supporters for this election battle. The target audience is not just .win pedes but normies as well. More than welcome to take more questions if you've got them.
